RECOMMENDATION

Judy Chirco PH

That the following recommendation be enacted.

BACKGROUND

City-Council Initiated Neighborhood Improvement Reserve Fund/Other Budget Proposals

Program/Project Title: Distinctive Neighborhoods Program

Amount of City Funding Required: \$30,000

Fund Type (i.e. General Fund, C&C funds, etc.) Neighborhood Improvement Fund

Anticipated Outcomes: Requested funding changes would affect benefits or services for San José residents, businesses, community groups, etc., as described below: (Use as much space as required.)

On May 14, 2009 the Neighborhood Services and Education Committee accepted agenda item 3.4 which was the City of San Jose' Planning Department memo titled "Distinctive Neighborhood Program Policy Options" which described what the Distinctive Neighborhood Program would provide for the City as listed here:

- 1). Opportunities for the neighborhoods to identify and apply for regulations to protect specific physical characteristics of their neighborhood.
 - 2). A more streamlined survey and designation process of historic San Jose neighborhoods.
 - 3). A discretionary Planning process to review proposals to demolish older, potentially historic homes.
- This project was funded through last years (2008-2009) budget proposal directing the Planning Dept. to hold multiple community outreach meetings throughout the City where this program received support.

In light of the budget constraints that the City is currently experiencing, we respectfully request the amount of \$30,000 be allocated to this program which would provide the funding necessary for 0.2 FTE for a Planner to accomplish the code amendments for the demolition and Conservation Study Area options.

This amount is the bare minimum necessary to allow for the program to start and move forward at a minimal level.
